

POLYTECH DAYS IN BERLIN 2020

06-07.02.2020

EUROPEAN FORUM OF SPbPU ALUMNI

On February 7, 2020, within the framework of the forum “Polytech days in Berlin 2020”, the European Forum of SPbPU Alumni will be held at the Russian House of Science and Culture in Berlin, dedicated to the 120th anniversary of Peter the Great St. Petersburg Polytechnic University. It will bring together graduates of St. Petersburg Polytechnic University, who live and work abroad.

The forum will begin with the Opening Ceremony, where SPbPU leaders, representatives of international organizations and companies as well as prominent graduates will welcome the participants. After the ceremonial opening there is business part. In the format of round tables, participants will discuss the role of SPbPU Alumni in the activities of the university, meet with the leaders of the European Alumni Associations and graduates of the Presidential Management Fellows Program and attend the lecture “The Role of the Polytechnic University in the History of Europe and the World”.

The second part of the Forum will be held in the format of networking. Guests will take part in the “Near and Dear” networking session; team building intellectual game; they will test their strength in a simultaneous chess game with the international grandmaster, Peter the Great St. Petersburg Polytechnic University student Kirill Alekseenko, and will attend the presentation of the book by the Polytechnic graduate Vitaliy Maisel “Songs of the Polytechnic University”.

Throughout its history SPbPU has trained highly qualified specialists. It is impossible to overestimate their role in the future development of Russia and foreign countries.

Polytechnic graduates are among the top 100 most influential people in Russia. They take leading positions in world companies. Polytechnics can be found on Forbes lists, as well as among Olympic champions, famous writers and TV presenters, creators of successful startups and technologies that are widely known on the Internet. Some of them started their own business, and some of them work in the most unexpected areas for techies: for example, a vocal and instrumental ensemble.

By the way, it is the musical ensemble of Polytechnic University graduates will provide bright and dynamic musical accompaniment of the forum.

The forum will end with an address from SPbPU Rector, Academician of the Russian Academic of Sciences Andrei Rudskoi. The Rector will award the best graduates.
