

POLYTECH DAYS IN BERLIN 2020

06-07.02.2020

INTERNATIONALIZATION STRATEGY – “WIN-WIN” STRATEGY

The University of the Future is a university without barriers. Key universities in the world choose an internationalization strategy, which is the guarantee of the university's sustainable development and opens up new perspectives. It connects countries and continents, unites people and helps them to reveal their talents and their potential.

Peter the Great St. Petersburg Polytechnic University is a leader in the field of internationalization of higher education. The international activities of the Polytech are the following:

- **400+** international faculty, representatives of leading companies
- **8500+** international students from over **120** countries
- **1000+** participants of International Polytechnic Summer School every year
- **400+** foreign partner universities (**300+** European universities)
- Leibniz University of Hannover, the University of Stuttgart, TU Berlin, TU Munich, TU Graz, TU Hamburg, City, University of London, École Polytechnique - SPbPU strategic and key partners in Europe
- **80+** international educational programs taught in English
- **40+** Double Degree programs, **10+** joint PhD
- **45+** European Erasmus + projects, **80+** partner countries
- **80+** industrial partners - leading global companies

In the format of round tables track participants will discuss the following:

- Why is an internationalization strategy considered to be a “win-win” strategy
- What will be the benefits of cooperation between European partners and Russia: breakthrough results of cooperation between Peter the Great St. Petersburg Polytechnic University and Leibniz University of Hannover, TU Graz, Siemens, SAP, Airbus
- New formats of university internationalization - cooperation between SPbPU and European partners: support programs for young scientists, joint student project marathons, joint research and educational centers, online courses and communication platforms for faculty and students around the world.
- Best practices - Double Degree programs: cooperation between Peter the Great St. Petersburg Polytechnic University and TU University, the Association of Higher Schools PariTech, Brandenburg Technical University, City, University of London, etc..
- Opportunities for the development of joint PhD - new system of PhD programs in leading universities of Russia
- Best practices of the implementation of international projects Erasmus+ Capacity Building

Participation in the track “**Internationalization Strategy - Win-Win Strategy**” - opens up new opportunities for you:

- to learn key aspects of the Russia-Europe partnership and practical mechanisms for implementing specific international projects
- share experience on ensuring the sustainability of university development in the global world educational space
- establish new contacts and discuss partnership opportunities
- explore new approaches to finding, attracting and developing talents.
